

Republic of the Philippines
CITY COUNCIL
Manila

24 March 2011

BARRY JANYK

Town Hall, 474 South Fletcher Road
Gibsons, BC
Canada

Sir:

Greetings!

This refers to Mr. Buddy Boyd of Gibsons Recycling Depot who was my colleague in the Zero Waste International Alliance conference in Florianopolis, Brazil last year.

I have heard that he returned to your town with a renewed passion for creating a zero waste sunshine coast in your beautiful country.

I was witness to his enthusiasm and down-to-earth approaches in addressing the problem, which has sadly reached world-wide dimensions, such that I have on my own embarked on a similar mission in the City of Manila.

Thus, I wish express my unwavering support for his inspiring efforts and I can only hope that this remarkable undertaking will be replicated in other countries.

Rest assured that this representation will be a vigorous crusader in preserving and protecting the environment.

Very truly yours,

HON. NUMERO G. LIM
City Councilor
Manila, Philippines
